

Sunbather **SR-1** The ultimate Solar Roller.

There are 4 boxes that the perfect pool cover must tick:

1. Fully Automatic

Australia's safest pool cover is now also the smartest. Pre-set limit switches allow you to flick the switch on the pillar and walk away. The SR-1's motor-drive will open itself while you prepare for your swim and, at the flick of the switch, close automatically when you're finished.

2. Brilliant Styling

On the pool, the SR-1's slats make a contemporary, architectural statement and the tubular anodised aluminium pillars look so sleek they blend into their surroundings. The adjustable state-of-the-art solar panel adds a high tech touch to complete an impressive package.

3. Affordable

Slat covers offer the best in water conservation and heat retention and are renowned for being the best looking and the safest pool covers available. SR-1 adds to those benefits by being the most affordable automatic slat cover in Australia!!

Sunbather *SR-1*

4. Costs ZERO to Run.

Sunbather is Australia's leading solar pool heating Company so it's understandable that they'd find a way to solar power their amazing slat pool covers.

- The Sun's energy is free so SR-1's running costs are ZERO.
- Installation is a breeze with ZERO wiring.
- Powerful Battery for long lasting periods of no sunshine.
- Over winter, you can top up the battery with a smart charger.
- Built in electronic smarts to prevent overcharge or cut-outs ensuring a long battery life.
- The security slat cover is the best cover available at retaining heat and keeping your heating bills to a minimum.
- Payback in as little as 3 years on gas/heat pump pools.

And a bonus? It's Australian Made.

AUSSIE MADE for Aussie conditions!

SR-1 is designed to suit most domestic, geometric pools.

Larger sizes available on request.

The solar panel can be located elsewhere on a roof or in the garden for indoor or shaded pools.

It can be on the left or the right pillar.

Slats in grey, cream, white or beige.

Battery charger is supplied.
